updated 15. 2. 2025 | published 15. 2. 2025

Summary

Container wagon used by the Swedish company Green Cargo.

Hobby & Makers > Other Ideas

This container wagon model is printed in parts that are glued together.

Detailed building instructions are provided in a separate PDF file.

The wagon in the picture was printed with a Prusa i3 MK3S+ with 0.4 mm nozzle.

The CAD files were created with FreeCAD Link Branch 2023.1020.0 (https://github.com/realthunder/FreeCAD)
