AS SEEN ON NOTHING! Now with 009 couplings!
more coming soon!
new wagons added 14/7/2025 added normal and curved top 3 plank truck, van, cane wagon, and disconnect bolster wagon.
On the cane, disconnect bolster wagon, Corris slate slab wagon and flatbed, don't put the top layer onto the chassis since the wood plank texture replaces it so it doesn't look too tall.
EVEN MORE WAGONS ADDED 26/8/2025 added a Talyllyn Railway style incline wagon and flatbed.
YET ANOTHER WAGON ADDED 20/9/2025 added Corris Railway style slab wagon.
