H0 scale fence - SNCB - Improved version, easy to install or move (210mm).
Designed for easy installation on foam or cork boards.
Each fence post has a hole into which a 1mm thick metal rod can be inserted to keep it upright without using glue.

SNCB - Cloture echelle 1:87- Version améliorée, facile à installer ou à déplacer (210mm).
Conçue pour installation facile sur carton plume ou liège.
Chaque piquet de cloture comporte un trou dans lequel on peut placer une tige métallique de 1mm pour le maintenir droit sans colle.
