Summary

Deutsche Bundesbahn PWGHS 54 Güterzugbegleitwagen Gauge 1 / 1:32

Toys & Games > Vehicles

This is my interpretation of a gauge 1 (1:32) Deutsche Bundesbahn PWGHS 54 Güterzugbegleitwagen.

Best printed in PETG, with the outside of the walls facing up.

20SEP19: Uploaded improved STL's.

Construction: Identical to my previous designs.

I've installed an Arduino Nano speedometer. The OLED display fits well behind a window.

The interior space is filled with a speaker/mp3 player with remote control to play specific steam train sounds (i.e. steam whistle)
