Summary

Barrels for Model-Railway or Diorama 1:87

Hobby & Makers > Other Ideas

Tags: miniature accessories modelrailway

Barrels for Model-Railway or Diorama 1:87 .Closed and open version.The light gray type is an original (Faller).I used a .4 Nozzle .You can deform the barrels with shortly heating a part of it and use a nail or similar to simulate damage(Picture 2 open barrel in front).I added an barrel with the lid at the side.Its not perfect but you can try it.Added Woodbarrel.Have fun.
