Summary

HO Scale Model Train supports for supporting the EZ Track (and smaller) model train tracks directly over another.

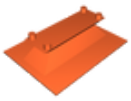
Hobby & Makers > Other Ideas

Allows HO Scale train (EZ Track) model trains to be able to run directly above over another. Its also stackable so you can infinitely give height to your trains.

Model files

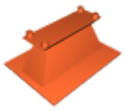
trainsupport_finalv241.obj

Full 6/6 height



trainsupport_r16.obj

1/6 height to begin adding height.



trainsupport_r26.obj

2/6 height

trainsupport_r56.obj

5/6 height

trainsupport_r36.obj

3/6 Height

trainsupport_r46.obj

4/6 height
